Iowa Nutrient Research Center Seminar Series - Fall 2022 - Spring 2023

Highlights from a Decade of Research & Impacts

Every 2nd Wednesday of the month, 3:10 - 4:00 - Elings Hall & Online

Fall 2022

September 14th:

Marshall McDaniel
- Soil health and water quality

Alejandro Plastina
- Soil health economics

October 12th:

Chris Jones
- Water monitoring

Brian Gelder
- Remote sensing

November 9th:

Steven Hall
- Hot spots and prairie potholes

Justin Meissen
- Prairie implementation

December 14th:

Sotirios Archontoulis
- N modeling

Crystal Lu
- Modeling

Spring 2023

February 8th:

Chris Rehmann
- Saturated buffers

Tom Isenhart
- Saturated buffers

March 8th:

Michelle Soupir
- Bioreactors

Keith Schilling
- Ditches and oxbows

April 12th:

J. Arbuckle
- Social science research

Laura Witzling
- Communications and social science

May 10th:

Alison Robertson
- Cover crops

Erika Lundy
- Iowa Beef Center and cover crops

TBD:
- Field tour of research sites

INRC is celebrating its 10th anniversary with a seminar series focused on research outcomes and impacts from a decade of work. Two presenters each month will share highlights of INRC - supported projects. More information on each presentation can be found at: https://go.iastate.edu/AJ8TCW.

Sessions are free and open to the public. Hybrid sessions will be virtual and in-person at 1306 Elings Hall, 605 Bissell Road, on the Iowa State University campus. Presentations will be recorded and posted on INRC's website with speakers' permission.

Register in advance at: https://go.iastate.edu/GBIZX7.

For questions, contact Malcolm Robertson, INRC program specialist: malcolmr@iastate.edu.
